

2021 VIRTUAL PLANT SALE

This is our list of plants we have for sale. We have tried to be as accurate as we can with our descriptions and names, but we can only go by what our plant donors tell us, so no guarantees!

Please pass the list on to any of your friends you think might be interested. Orders will be filled in the order in which they are received, so if you order early you will have a better chance that the plants you want will still be available.

All orders MUST be in to Yvonne Holden by May 15th. No orders will be accepted after that date.

Pick up will be on May 22nd, at 6487 Lancelot Street, Mount Lehman.

In order to lessen exposure during this pandemic it would be helpful if a group could get together and have one person pick up the order. This is not necessary, just helpful.

We will assign pick up times so we do not have too many people at the same time. Please wear a mask.

Please bring the correct money with you in an envelope. We cannot handle plastic.

**WE HOPE YOU CAN FIND A PLANT YOU CAN TAKE HOME AND
ENJOY**

Yvonne Holden

The next page is a list of tomato varieties available. They are all non GMO heritage varieties and you are unlikely to find the seeds or plants available commercially. They have been passed around a group interested in preserving old, flavourful varieties.

There are no descriptions, you will just have to find any information you can on the Internet.
