Whereas a 2012 study by the University of Toronto found that children in BC suffer academically in Middle School (http://homes.chass.utoronto.ca/~edhuey/datastore...)

Whereas current research clearly favors K-8 models over and against Middle Schools models (http://educationnext.org/the-middle-school-plunge/, http://www.ascd.org/publications/educational-leade..., https://www.cdhowe.org/the-middle-school-report-ca...)

Whereas giving Grade 6 an 7 students leadership roles over younger students is important for their academic and social development.

Whereas younger children benefit from the leadership and example that Grade 6 and 7 students provide.

Whereas the choice of whether or not a child attends a Middle School should be left up the parent(s).

Whereas there are other ways to address capacity concerns in the district.
